Decorative Street Signs for Historic Hyde Park

For more than 10 years, Creative Mailbox & Sign Designs has worked hand in hand with the City of Tampa to meet the City's code regulations and provide decorative street signage for Historic Hyde Park. What makes these street signs different from any others done at Creative Mailbox & Sign Designs is that City of Tampa provides Creative with the sign faces and Creative applies the custom decoration.

Historic Hyde Park is just one subdivision in the Hyde Park development. The area Hyde Park was first given its name in 1886, but didn't really start to flourish until 1913, when large revival style residences began to appear. Although, from 1924-26, this was all put on hold as a result of the Florida building boom and Stock Market Crash of 1929. Following the Great Depression, home development slowly started back up with smaller homes. The new rise in interest in historic preservation in the 1970's and 1980's is what stimulated Hyde Park to be the development is it today.

Hyde Park continues to flourish with beautiful, preserved homes and upscale dining and shopping. Creative Mailbox & Sign Designs is proud to have the continued opportunity of working with Historic Hyde Park and the City of Tampa to keep the neighborhood's historic charm intact.

Featured Project

Cross Pointe at East Lake Woodlands

Cross Pointe is a deed restricted community of 157 single family homes nestled in the beautiful East Lake Woodlands golf and country club community in Oldsmar, Florida. The community is located just minutes away from the Gulf's pristine beaches and is easy access to Tampa International Airport.

Creative Mailbox & Sign Designs provided decorative street signage for the community. Attached to each mineral black street panel is a small paddle with the Cross Pointe logo making them incredibly custom to the community.

Before

After

Shortly following our successful completion of the new street signs, the Cross Pointe Home Owner's Association made the decision to replace the community's mailboxes. Cross Pointe wanted all homes to have matching mailboxes. They decided on a cast aluminum box with a decorative vine bracket and reflective gold copy. All components are powder coated mineral black to compliment the community's street signs giving the neighborhood an all-around, cohesive look.
